- finding or retaining employment
- entering college or career training
- attaining their state-issued high school equivalency credential by taking the HiSET
- Serves over 500 students each year
- Age 16 and over

WHAT COLLEGE & ADULT ED STAKEHOLDERS ARE SAYING ABOUT EDREADY MONTANA

"Every student who walks in needing math help gets an EdReady account. The program helps identify what they already know and begins meeting their customized needs at the center and/or from home." - Teacher, Kathy Jackson - Adult Basic Education Center, Billings, MT

"The original program (2017 - 2020) required students to complete an EdReady goal and study math for 20 hours in the system before retaking the Math Placement Exam (MPLEX)" - Director of Testing Services at MSU, Mary Kate McCarney - Bozeman, MT

"I waited 45 years to accomplish this goal (learning math concepts), and I am grateful for this learning method that has allowed me to accomplish this in such a short period of time. Thank you." - student - Adult Basic Education Center, Billings, MT

"MSU's new low stakes placement system (Using EdReady) allows students to study and improve from their one-time test without need of a second test." MSU Math Department Chair, Beth Burroughs, Bozeman, MT
